The Polish Trade Chain Lewiatan

is the third largest retail chain in Poland and the largest Polish franchise chain.

It was established in 1994 at the initiative of 10 wholesalers who formed a purchasing consortium for fear of competition from foreign retail chains, which were entering the Polish market en masse at that time. Today the Lewiatan chain comprises more than 3200 retail outlets run by 2100 independent entrepreneurs. The total turnover of Lewiatan in 2021 exceeded PLN 13.4 billion, which placed the Chain among the leading trade organisations in Poland and Central and Eastern Europe.

The goal is to defend interests of Polish merchant

The name „Lewiatan” was inspired by an organisation of economic associations operating in the inter-war period – the Central Association of Polish Industry, Mining, Trade and Finance Lewiatan, which represented Polish industry before state authorities and made a great contribution to the development of our country. The Polish Trade Chain Lewiatan was modelled upon this organisation. It was founded in 1994 in order to gather together Polish entrepreneurs engaged in commercial activities and to protect their interests against external chains and trading concerns entering the Polish market en masse at that time, ensuring that domestic traders could continue to operate and develop.
